Tempt and delight your guests with Fruit Like Flowers bouquets

Fruit Like Flowers are the creators of these delicious, hand-sculpted bouquets of fresh fruit, which make for a truly unique table centre or desert at your wedding. Your guests will love the arrangements, which were a big hit with the celebrities in *Big Brother* earlier this year.

Whether you love strawberries or prefer exotic fruits, there's a bouquet to satisfy all tastes. The range is constantly growing, with two new arrangements just launched. Chocolate Sweet Hearts (£40) has juicy pineapple hearts and succulent strawberries, some of which have been dipped in indulgent Belgian chocolate.

Or if you want to give your guests a super-healthy snack, try the new Super Fruit Star (£45), which is packed full of vitamins and antioxidants. The strawberries are full of vitamins to boost memory and calm stress, the pineapple stars contain nutrients to strengthen bones while the blueberries protect the heart and stabilise blood sugar levels. To find out more about the range, visit www.fruitlikeflowers.com.
